My Portfolio Website

SUMMARY

Aspiring Fullstack Web Developer and current Informatics student with a strong passion for coding and building user-centric web solutions. Possessing hands-on experience in both frontend and backend development cultivated through various personal projects. I am currently dedicated to mastering Web3 concepts, including smart contracts and decentralized systems. Seeking an opportunity to apply acquired technical skills and contribute to a dynamic team, while continuously growing within the ever-evolving tech landscape.

WORK EXPERIENCE

Fullstack Web Developer Intern │ Elecomp   **Jun 2024 – Dec 2024**
- Built and maintained web apps (frontend & backend), collaborating in an agile team, and applying responsive design & SEO best practices that contributed to a 20% improvement in project efficiency and a 25% boost in website visibility.

EDUCATION

Diploma in Software Engineering (Vocational High School)   **Jul 2022 – Jun 2025**
SMKN 1 Boyolangu
- Specialized in Software Engineering, focusing on software development and programming fundamentals.

Bachelor of Informatics   **Jul 2025 – Present**
Universitas Bhinneka PGRI
- Pursuing a Bachelor's degree in Informatics, focusing on software development and data structures.

SKILLS & TECHSTACK

- Adaptability
- Critical Thinking
- Javascript
- Laravel
- CodeIgniter 4
- MySQL
- MongoDB
- Problem solving
- Time management
- PHP
- React
- Next.js
- Node.js (express)
